

Process Letter: the New university hospital in Bratislava

Dear Madam / Sir,

the purpose of contacting you is to present the intention of the Ministry of Health of the Slovak Republic („MoH SK“) to establish a public procurement to design and supervise build and operation of the new university hospital in Bratislava („NUHB“) including optimization of medical profiles of other healthcare providers under direct management of the MoH in Bratislava (“Project”).

We approach you as a potential partner in relation to the opportunity to assess the extent of your capacity and willingness to participate in this public procurement process, and eventually to submit a tender.

1. Opportunity

Enclosed in Annex 1 to this letter is a Consultation Document (“Document”) that provides more information about the project and tendering opportunity. If you are interested in learning more about the project and potentially consider bidding for presented opportunity, please send your Expressions of Interest (“Eoi”) by 03 May 2017 to be invited for Pre-qualification initial discussions about the Project.

2. Proposed topics for discussion

Before the official public procurement process, the MoH SK would like to invite you to a constructive discussion about the Project. Proposed topics for this discussion are:

- preparation a tender document for the selections of health care management company (“HCM”);
- division of responsibilities between the HCM and the MoH SK;
- perceived benefits and risks to the HCM;
- key performance indicator for individual stage of Project.

3. Contact persons

Throughout the process, you are requested to refrain from any direct communication with representatives or employees of the MoH SK who are not disclosed below. All inquiries, should be directed to the Martin Smatana and Jana Kišková. MoH SK reserve the right to modify the Process without explanation. Neither the MoH SK, nor its Advisor are or will be responsible or held liable for any costs, expenses, expenditures or damages incurred or suffered by the prospective investor in connection with the Process.

Please direct all communications in connection with the Project to new.hospital@health.gov.sk
